EXPERIENCE

1. eClerx - Financial Analyst

May 2025 - May 2026

(eClerx provides specialized business process management, automation, and analytics services, primarily serving Fortune 2000 companies in financial services, digital marketing, cable & telecom, fashion, and retail. They help clients optimize operations, improve customer experiences, and manage data)

Trade Confirmation

- Executed trade confirmation and booking validation by matching trade details with counterparties via **DTCC RTTM (Real Time Trade Matching)** and verifying trade bookings in **Legacy and BigMac**, ensuring accuracy, consistency of trade economics, and timely settlement.

Trade Settlement

- Supported Middle Office operations for Morgan Stanley, managing the **end-to-end trade lifecycle** from confirmation to settlement while utilizing **7+ platforms**—including DTCC (CTM/DTC), Euroclear, RTTM, Safeguard, Qwest, Intellimatch, and BigMac—to **process 500+ Fixed Income derivative trades (OTC) daily**, coordinate with settlement teams and custodians, and ensure timely **T+1/T+2 settlements** with zero processing errors.
- Supported cross-border settlements through **Euroclear**, handling failed trades and ensuring timely resolution.

Exception Management

- Conducted **root cause analysis** of aged breaks and **liaised** with broker-dealers, trading desks, custodians, and clients to resolve settlement breaks and **manage exceptions**, reduce trade fails, enhance settlement efficiency, and minimize operational risk.
- Investigated and resolved **Depot/Nostro**, cash, and position breaks through trade reconciliation, validation of settlement instructions, and **Bloomberg**-assisted verification of net settlement amounts.
- Collaborated with clients** through periodic **review calls** to assess aged breaks, provide operational insights, and agree on corrective actions to reduce settlement exceptions and improve operational efficiency.

Account Reconciliation

- Performed end-to-end **reconciliation of aged Cost Center breaks**, conducting root cause analysis and driving timely resolution of reconciliation exceptions.
- Executed post-settlement **journal entries** to reconcile suspense accounts and maintain financial and accounting accuracy.
- Coordinated **DTCC broker-to-broker position transfers**, reconciling position movements with clients to ensure accurate settlement records.
- Investigated and resolved **Security Payment Order (SPO)** differences by reconciling payment discrepancies and coordinating recoveries through DTC and wire transfers.

Management Reporting

- Produced comprehensive **EOD MIS reports for 200+ daily Fixed Income transactions**, reporting receivable/payable trade values, quantities, pending settlement breaks, and **KRIs** to senior management, enabling proactive escalations, effective settlement risk management, and timely resolution of exceptions.

Leadership & Stakeholder Management

- Mentored junior analysts** on trade settlement, reconciliation, and operational best practices, driving process efficiency and maintaining high standards of accuracy.
- Demonstrated strong stakeholder management by effectively communicating with clients and successfully **taking ownership of two additional processes**, contributing to improved operational efficiency and service delivery.

2. Datamatics Business Solutions Limited - Tax Consultant

Jan 2024 - April 2024

- Worked on **100+ individual tax returns of Canada client (T1 Returns)** within a 48-hour TAT, achieving 98% accuracy and full compliance using Tax Prep software.
- Supported tax preparation teams during peak season by assisting with return reviews, resolving issues, and ensuring timely filings.
- Assisted in tax planning and provided recommendations to maximize client benefits.

CERTIFICATIONS AND ACHIEVEMENTS

- Secured 97 Marks in MS-CIT Exam.
- Ranker of School in English Olympiad
- Recognized with Value Recognition Award for resolving 95% of high-risk trade breaks within 24 hours, reducing settlement risk by 30%

PROJECTS

- A Study on Investment Myths and its implication on the investment behaviour of young investors.
- Conducted primary research to analyze the impact of behavioural biases and investment myths on young investors decision-making, deriving insights into investor psychology and financial literacy

LANGUAGE

- English, Hindi, Marathi

SKILLS

- Platforms and Tools** :- DTCC, Safegui, Qwest, Intellimatch, Euroclear, NSCC, GSCC
- Technical Skills**:- Microsoft Excel(VLOOKUP, Concatenate, Pivot Table), Microsoft Word, Microsoft Powerpoint
