Greater Noida, India

CAREER OBJECTIVE

Senior Java Developer with over 6.5 years of expertise in the **Software Development Life Cycle (SDLC)**, **Full-Stack and Backend Development**, and **Project Management**. Proven track record of delivering scalable solutions using **Agile and Waterfall methodologies**. Skilled in cross-functional team collaboration, stakeholder communication, and driving end-to-end project execution.

EDUCATION

Nitte Meenakshi institute of technology

Bachelor of Engineering (73.3%)

Aug 2014 – May 2018

Bengaluru, India

Kendriya Vidyalaya

Senior Secondary (71.4%)

2014

Mumbai

Kendriya Vidyalaya

Higher Secondary (83.6%)

2012

Ghaziabad

EXPERIENCE

Genpact

Software Development Engineer

Aug 2023 - Present

Noida, India

- Designed and deployed scalable microservices in the legacy application using **SpringBoot**, enhancing backend efficiency by **30%** and reducing response times by **40%**.
- Managed Legacy Application Infrastructure maintained and optimized read and write operations on Linux servers, achieved **25%** system performance improvement by optimizing server configurations.
- Improved application performance by indexing jobs and optimizing database procedures. Reduced job execution time and eliminated data redundancy by minimizing overlap in job processing.
- Automated key application workflows, resulting in **99% faster test cycles and 90% quicker database indexing**.
- Analyzed system specifications and user requirements; reviewed **100+ test cases** and conducted thorough Unit and Integration Testing.

Coforge LTD (NIIT Technologies)

Senior Software Engineer

August 2021 - August 2023

Noida, India

- Collaborated in a 14-member Agile team, contributing to over **10+ software modules**, from requirement analysis to deployment..
- Solved **50+ backend issues** using Java and Spring Boot, improving system efficiency and maintainability.
- Participated in **weekly project reviews**, identifying **20%+ delivery bottlenecks** and proposing timely resolutions.
- Developed **8+ microservices** with Spring Boot and Kafka, enhancing system scalability and asynchronous processing.
- Resolved **30+ production issues** by analyzing logs via JP Log Analyzer, reducing incident resolution time by **40%**.
- Mentored **5+ junior developers** and facilitated onboarding, accelerating ramp-up by **30%** and improving team output.

DXC TECHNOLOGIES

Associate Professional Product Developer

October 2018 - August 2021

Indore, India

- Managed end-to-end project execution, ensuring compliance with cost, resource, time, and quality metrics; delivered **100% on-time project milestones**.
- Communicated regularly with clients and stakeholders, providing progress updates and resolving issues to align expectations and deliverables.
- Worked with the QA team to design and implement **30+ automated test scripts**, improving test coverage and reducing manual testing by **60%**.
- Contributed to a large-scale project for a life insurance client within a **20-member team**, using **DB2, SQL Server, and WebSphere technologies**.
- Delivered new features, resolved bugs, and deployed applications in the **AWS Cloud**, ensuring high availability and performance.
- Handled code versioning and build processes using Git, maintaining consistency across **dev, test, and prod environments**.

AWARDS & RECOGNITIONS

- Awarded Champ Award twice at DXC Technologies for early project delivery and individual excellence (2020, 2021).
- Recognized twice by management for commitment and timely delivery.
- Organized college blood camp, led basketball team.

SKILLS

- **Programming Languages:** Java, C++, JavaScript, HTML, CSS, SQL
- **Frameworks & Libraries:** Spring Boot, Hibernate, JSP, Angular (Basics), Kafka
- **Web & Services:** RESTful APIs, SOAP, Microservices, Apache Tomcat, WebSphere
- **Databases:** MySQL, MongoDB, DB2
- **Tools & Platforms:** Git, GitHub, Jenkins, Jira, JP Log Analyzer, Agile, Waterfall, System Design
- **Cloud & DevOps:** AWS (Deployment), CI/CD
- **Concepts:** Object-Oriented Programming, Data Structures, Algorithms, SOLID Principles
- **Soft Skills:** Leadership, Communication, Team Collaboration, Problem-Solving, Analytical Thinking
- **Languages Known:** English, Hindi
