Product Owner · Senior Business Analyst · Agile Delivery Lead | BFSI · Capital Markets · Wealth Management · Regulatory SaaS  
Navi Mumbai, India | +91 9920894652 | Siddhantjoshi121@gmail.com | [linkedin.com/in/siddhant1212](https://www.linkedin.com/in/siddhant1212)

## PROFESSIONAL SUMMARY

PSPO I Certified Product Owner and Senior Business Analyst with 7+ years of Agile delivery across enterprise BFSI and digital SaaS platforms. Deep domain expertise across Capital Markets (Equities, ECM, Fixed Income, FX, Trade Finance), Wealth Management platforms, UPI/NPCI payment rails, AML/KYC, Regulatory Reporting, and Core Banking. Proven track record defining product roadmaps, owning prioritised backlogs, running sprint ceremonies, and shipping digital products on time and within scope. Hands-on experience with NPCI integrations, merchant onboarding, and payment system compliance for leading PSU banks. Skilled cross-functional collaborator with technology, UX, risk, compliance, and legal teams. Delivered INR 28L+ business impact across marquee banking clients including SBI, HDFC Bank, and Canara Bank.

## PROFESSIONAL EXPERIENCE

### Senior Business Analyst / Product Owner | Alpha Plus Technologies Pvt Ltd

Sep 2025 – Apr 2026

- Acted as Product Owner for TasC+ and Compliance Kartavya+ (AML/KYC & Regulatory SaaS); owned backlog prioritisation based on business value, customer impact, compliance requirements, and delivery dependencies.
- Defined product roadmap, release planning, sprint goals, and acceptance criteria; collaborated with UI/UX team on user flows, wireframes, and information architecture.
- Elicited requirements from cross-functional stakeholders — Compliance, Risk, Legal, Operations, UX, Technology, and QA — to define critical user journeys, workflows, and data models.
- Facilitated Sprint Planning, Daily Standups, Sprint Reviews, and Retrospectives; conducted backlog grooming and ensured sprint readiness across delivery teams.
- Managed UAT achieving 99% test coverage with near-zero production defects; defined KPIs, adoption metrics, and product performance dashboards.
- Scaled product from MVP to MVP+2 in 5 months; delivered INR 28L+ business impact (Canara Bank INR 10L; HDFC Bank INR 18L).

### Business Analyst / Agile Delivery Lead | Orient Technologies Ltd

Nov 2018 – Sep 2025

- Led Agile delivery as de facto Product Owner across 65+ enterprise BFSI, Healthcare, and Retail clients; managed parallel delivery streams in Azure DevOps and JIRA across multiple product teams.
- Capital Markets & Wealth Management: Supported backlog and sprint delivery for Equities, ECM, Fixed Income (Govt Bonds, Corporate Bonds, T-Bills, Debentures, CPs, CDs), FX, and Wealth Management platforms; translated investment and advisory business flows into structured user stories and acceptance criteria for digital trading and portfolio servicing tools.
- UPI & Payments (SBI): Led requirements definition for UPI/NPCI integration and merchant onboarding for a leading PSU bank; defined P2P and P2M transaction flows, NPCI API integration specs, and merchant registration journeys; ensured adherence to NPCI guidelines and RBI payment system regulations.
- AML/KYC & Regulatory: Drove backlog grooming and sprint delivery for AML transaction monitoring, KYC onboarding, and RBI/SEBI/GST reporting dashboards; performed regulatory gap assessments and ensured near-zero post-UAT defects.
- Cards & Core Banking: Delivered requirements for card issuance, payment gateway integrations, reconciliation platforms, and core banking workflows; designed REST API integration layers aligned to RBI guidelines.
- Collaborated with business, technology, UX, risk, cyber, fraud, legal, and compliance stakeholders to elicit and validate requirements; built Power BI/SQL dashboards for sprint health and delivery risk.

### Logistics Analyst | Arvato Bertelsmann

Nov 2017 – Sep 2018

- Improved delivery KPIs and operational performance by streamlining escalation processes between logistics and warehousing teams.
