PROFESSIONAL EXPERIENCE

GENPACT PVT LTD

Assistant Manager – Trade Confirmation & Settlement | Pune | Jun 2025 – May 2026

- Managed end-to-end trade confirmation and settlement for Equity and Fixed Income products, including trade matching, affirmation and settlement processing.
- Ensured timely trade affirmation through CTM, PDF confirmations, fax and email, validating price, quantity, currency, settlement date and counterparty details.
- Handled SWIFT settlement messages including MT54x, MT103 and MT202 for trade settlement and payment-related activities.
- Validated and processed settlement instructions through CTM and SWIFT, ensuring trades were instructed within applicable market cut-off times.
- Monitored settlement status and investigated unmatched, failed and pending trades, coordinating with brokers, custodians and internal trading desks for timely resolution.
- Managed daily cash and position reconciliation breaks, investigating discrepancies across trade, settlement and accounting records.
- Supervised daily settlement activities across domestic and international markets, ensuring adherence to SLAs, controls and operational risk requirements.
- Acted as the primary escalation point for complex trade confirmation, settlement and reconciliation issues, driving timely resolution.
- Supported client onboarding and static data setup activities and coordinated with relevant teams for accurate implementation.
- Performed quality checks across trade confirmation, settlement and reconciliation activities to minimize trade failures and operational exceptions.
- Conducted daily team huddles, work allocation and performance monitoring while supporting team productivity and delivery.
- Prepared MIS reports and exception dashboards for management review and operational monitoring.

ECLERX SERVICES LTD

Process Manager – Security Transaction Settlement, Cash & Stock Reconciliation | Navi Mumbai | Aug 2022 – May 2025

- Successfully migrated the security transaction process from the client's Bangalore office to the Navi Mumbai delivery center.
- Coordinated daily security and cash settlement activities across EMEA, DTC and APAC markets and with various financial institutions.
- Worked with traders and brokers on CTM confirmations, unmatched trades and failed trades for Equity and Fixed Income transactions, escalating issues to avoid settlement failures.
- Processed, monitored and approved manual static data setup based on client information and business requirements.

- Coordinated with agents and brokers on escalated securities transfer-in and transfer-out issues and monitored availability of client holdings.
- Performed daily, weekly and monthly reconciliation of Equity and Fixed Income execution products and resolved outstanding breaks.
- Maintained Standard Settlement Instructions (SSI) in reference data and supported daily workflow and new-business activities.
- Identified trade capture issues with potential risk/P&L impact and escalated them to relevant stakeholders.
- Provided subject-matter expertise, trained new hires and supported cross-training across clients and processes.
- Prepared KPI reporting for senior management and participated in client governance calls.

STATE STREET SYNTEL SERVICES PVT LTD

Team Leader – Trade Confirmation & Settlement Operations | Navi Mumbai | Jan 2011 – Jul 2022

- Supported migration of Trade Confirmation and Settlement operations from the State Street London office to Navi Mumbai.
- Produced reports and controls to monitor accuracy and compliance of client Fixed Income and Equity trade workflows.
- Actively chased unmatched trades at CTM confirmation level, contract notes, acknowledgements and static-data requests.
- Reviewed, investigated and cleared daily stock and cash reconciliation breaks.
- Planned and scheduled team workload, monitored workflow and supported weekly/monthly progress reporting.
- Mentored and cross-trained team members across different clients and processes.
- Participated in workflow and exception reviews, escalating issues that could impact settlement SLAs, client service or financial risk.

Associate – Stock & Cash Reconciliation | Pune | May 2009 – Dec 2010

- Investigated and resolved discrepancies between fund accounting books and custodian cash and securities accounts.
- Performed account reconciliation activities in line with prescribed client standards.
- Identified process gaps and proposed improvement opportunities.
- Provided fund opening and closing cash availability information to clients.

SYNTEL GLOBAL PVT LTD

Associate – Life Insurance Process | Thane | Oct 2007 – Apr 2009

- Handled life insurance policy contract creation, documentation quality checks and exception cases.
- Maintained accurate client communication and policy records.

UTI TECHNOLOGY SERVICES LTD

Executive – Mutual Fund Processing | Mumbai | Jan 2006 – Sep 2007

- Processed mutual fund sales and repurchase applications and performed CMS batch reconciliation for Axis and HDFC Bank.
- Handled investor servicing activities including address changes, cheque revalidation, payment-mode changes and PAN objection cases.
- Resolved investor queries and prepared branch-level reporting.
