## EXPERIENCE

### Citicorp Finance India Limited (Citibank), Mumbai

Assistant Manager – Treasury and Market Operations (Immediate Joiner)

Nov 2022 – Jun 2026

Experience supporting fixed income and treasury operations, CCIL margining, RBI reporting, and liquidity controls

- Managed end-to-end settlement and post-trade lifecycle for USD 450M fixed income portfolio, sustaining 99.9% accuracy and minimizing settlement breaks.
- Investigated regulatory reporting breaks, rejections and data discrepancies.
- Performed reconciliation and root-cause analysis to resolve reporting issues.
- Managed weekly KRI monitoring for 180+ exceptions, prioritized high-risk items and escalated issues, cutting resolution time by 20%.
- Conducted reconciliations and GL proofing for USD 100M+ in trade balances, identified discrepancies, and resolving settlement break within defined SLAs.
- Led manual touchpoint reduction across Treasury & Trade Services (TTS), coordinating 20+ quarterly full key automations across 6 upstream applications including Flexcube, and other Citi inhouse systems (USD 23M firm-wide initiative).
- Worked with **Trade Repository reporting processes**, validating trade and transaction data, monitoring submissions, and ensuring accurate reporting throughout the trade lifecycle.
- Coordinated with clients and internal teams to resolve reporting issues within SLAs.
- Managed **client workflows end-to-end**, coordinating queries, issue resolution, and timely closure within agreed SLAs.  
Coordinated with internal operations, technology and regulatory teams to investigate **Trade Repository discrepancies**, validate reporting data and ensure timely resolution of outstanding issues.
- Managed **Transaction Reporting** activities across the trade lifecycle, performing trade data validation, reconciliation, exception investigation and resolution to ensure accurate and timely regulatory submissions.
- Hands-on exposure to **EMIR, MiFID/MiFIR, SFTR, ASIC, CFTC and SEC** regulatory reporting requirements, supporting regulatory controls, data validation and reporting compliance across capital markets transactions.
- Manage brokerage payments and vendor governance for 10+ brokers using P2P systems, performing concentration analysis, and annual KYC reviews.
- Collaborated with Front Office teams (Sales & Trading desk) to correct economic parameters booked incorrectly preventing P&L impact and ensure accurate position reporting.
- Hosted weekly calls with various stakeholders (Technology/Legal /Desk Assistants) to discuss all outstanding queries and ask for an ETA to get those resolved.
- Prepare and submit key RBI regulatory reports (ALCO, ALM, NDSI, CRILC), directly supporting balance sheet

controls and liquidity monitoring.

- Support front office decision-making through exposure monitoring, bond MIS and FX impact analysis.
- Manage CCIL limits, collateral obligations and onboarding of international counterparties to ensure seamless trade execution and daily liquidity funding.
- Monitor coupon and dividend payments for FI bonds and G-Secs, reconciling with holdings and passing accounting entries to clear breaks promptly.

**Metropolitan Clearing Corporation MCCIL, Mumbai**

**Mar 2022 - Oct**

**2022 Associate**

Managed clearing and settlement for various market segments including currency derivatives and debt

- Assisted clearing and settlement across currency derivatives and debt markets within central counterparty environment.
- Monitored settlement obligations, fund movement and risk controls supporting trade finality.

- Developed exposure to post-trade infrastructure, clearing operations and market risk controls.

**Edelweiss Financial Services, Mumbai, India**

**Dec 2019 - Jul 2021**

**Junior Associate**

Supported wealth management operations for HNI clients, handling investment advisory and trade execution
