PROFILE SUMMARY

Associate Manager with 7+ years of experience in Fund Accounting, Private Equity, Hedge Funds, Reconciliation, Trade Capture, and Fund Administration. Proven expertise in NAV review, investor reporting, fund migrations, portfolio reconciliations, and oversight operations across global investment structures. Experienced in managing cross-functional teams, client relationships, audit support, and process automation. Strong knowledge of capital markets and financial instruments, including Equities, Fixed Income Securities, Bonds, Money Market Instruments, Derivatives, and Crypto Funds.

WORK EXPERIENCE

Formidium India Pvt. Ltd.

May 2024 – Aug 2025

(Associate Manager – Private Equity)

Roles and Responsibilities

- Managed end-to-end fund onboarding and project setup, including processing input feeds, performing reconciliations, executing fund conversions during production parallel runs, and successfully launching funds with complete reconciliation and direct client reporting.
- Communicated process updates across the team, incorporated amendments into Standard Operating Procedures (SOPs), prepared audit control points, and maintained process-related documentation.
- Prepared and reviewed monthly, quarterly, and semi-annual NAV packages, validated capital call notices, and reconciled them against broker reports.
- Managed a team of Associates and Senior Associates responsible for end-to-end Private Equity Fund Accounting across EMEA and US regions, overseeing investor-level reporting and portfolio reconciliations between custodians and investment managers.
- Designed and delivered process-specific training for new hires and existing team members, reviewed fund activities, and managed daily work allocation, leave planning, and workload balancing.
- Built and maintained strong client relationships by independently managing daily, weekly, monthly, and quarterly deliverables.
- Collaborated with onshore teams, clients, and auditors to address business requirements and provide timely support during financial audits, ensuring adherence to agreed deadlines.
- Supported multiple fund structures, including Hedge Funds, Mutual Funds, Master-Feeder Funds, Multi-Manager Funds, and ACS Funds, while driving process improvements and maintaining a strong control environment.
- Led global fund migrations and system conversions, ensuring accurate historical data transfer and successful onboarding onto the eFront platform.
- Performed determination date processes for compliance teams by reconciling cash balances against broker records at specified reporting dates.
- Possess extensive experience in Private Equity Fund Accounting, including investor onboarding, NAV review, financial statement review, partners' capital accounting, carried interest

calculations, and waterfall modeling.

- Performed pre-upload validation and bulk upload of trade, cash, position, pricing, and security master data during fund onboarding, migrations, and production parallel runs, ensuring data completeness and accuracy.
- Executed trade enrichment by validating trade attributes, SSI, counterparty details, broker information, settlement instructions, and security reference data to enable accurate downstream trade processing and settlements.
- Managed bulk data uploads for new fund launches and conversions by validating input feeds, reconciling uploaded records with source files, and resolving data discrepancies before production deployment.
- Conducted pre-processing validation of portfolio transactions, corporate actions, cash movements, and valuation data to minimize processing exceptions, improve STP rates, and support timely NAV calculations.
- Collaborated with Fund Accounting, Operations, and Technology teams to validate, enrich, reconcile, and upload trade and portfolio data, ensuring seamless fund launches, accurate reconciliations, and successful client deliveries.

Bank of New York Mellon

Mar. 2020 - April 2024
