Summary

As a Business Excellence Specialist, I drive continuous improvement and leverage methodologies such as Lean Six Sigma. My goal is to enhance client satisfaction and ensure that best practices are consistently applied to align with organizational objectives. By fostering a culture of innovation and excellence, I help clients achieve sustainable business outcomes.

Education

MBA - Finance & Human Resources KIIT School of Management Bhubaneswar	May 2016–May 2018
BCOM - Accounts (hons) St. Xavier's College, Ranchi	May 2013–May 2016

Professional Experience

Accenture, Bangalore - Business Excellence Advisory Specialist

Internal Shared Services Aug 2023–present

- Proven expertise in implementing the **Operations Maturity Framework** in multiple towers/accounts (e.g., **UPS, McDonald's, HRSS**) **managing diverse process requirements to drive high-performance processes**
- Maintained **RAID logs and governance trackers**, ensuring **100% visibility of risks, issues, and dependencies**
- Develop **financial benefit models with a 95% achievement** rate against expected targets
- Experience in **tracking, planning projects**, working with **large datasets** using Minitab, and making **data-driven analytical decisions**
- Appointed as the Metric **Point of Contact (POC) for NPS and Intelligent Operations**, enhancing metrics by 30% and 35% across 9 accounts
- Built **structured problem-solving frameworks**, reducing issue recurrence by **25%**
- Spearheaded **GenAI Expert Assist and agentic automation deployments** across major client accounts

AIG Group (Accenture) Jan 2021–Jul 2023

- Led **process improvement initiatives across 2+ towers**, achieving **20–35% reduction in AHT** and **15% improvement in process efficiency**
- Led LSS programme mobilisation by driving project ideation, pipeline development, reviews and certification readiness across functions.
- Mentored Yellow Belt practitioners on SIPOC, process mapping, RCA, data analysis and improvement methodology.
- Built LSS capability through ideation workshops, VSM sessions and structured project mentoring. Strengthened Process Engineering practices through standardised frameworks, scorecards, governance and benefits tracking.
- Supported and co-led **transformation workstreams**, contributing to **capacity savings of 12–20% through automation and volume rationalization**
- Presented **weekly/monthly performance insights to stakeholders**, improving visibility and actionability of KPIs
- Experience in **4 RPA initiative identification** by conducting an **entitlement study and full-scale automation implementation**

Achievements

- Deployment of a **global booking automation initiative** for **Manila operations**, **managing over 1000+ business rules** and creating a comprehensive **business rules library**
- Mentored over 40** Lean Six Sigma **Yellow Belt (LSS YB)** and **Green Belt (LSS GB)** projects at Accenture
- Conducted **Process Maturity Assessments** and successfully transitioned from foundational green state to an intelligent state with a rating of 4
- Led **Cost Value to Client (CVC)** projects that generated \$1,023,600 in benefits
- Recognized with the **Automation Champion Award in FY24** for delivering 17% automation in the Support Centre
- Improved **NPS scores** for multiple deals using **FMEA and RCA techniques**, leading to **30% increase in customer satisfaction**
- Successfully deployed **AWS contact Lens & GenAI UHD Agent Assist Automation** in the process leading to **40% improvement in AHT**, and Supported training and change adoption initiatives, improving user adoption rates by 30%+

TCS, Nagpur - Transformation Lead

- Successfully applied **DMAIC, DMADV, DFSS, Lean**, and project management methodologies resulting in **8 FTE benefits** in the FY19
- Facilitated 20 **Lean, Kaizen, and automation projects** while consistently executing **idea generation programs**
- Identified 4 **potential risks** through Failure Mode and Effects Analysis (**FMEA**) and Root Cause Analysis (**RCA**)

Skills

Advanced Statistical Analysis using (e.g., Minitab, JMP) | DMAIC Methodology Expertise | Process Mapping & Root Cause Analysis | Hypothesis Testing & Regression Analysis | Quality Analysis | Control Charts & Monitoring | Risk Mitigation & Compliance using FMEA | Automation Identification & Facilitation | Cost Reduction & Efficiency | Benchmarking & Best Practices | Continuous Improvement in metrics | Training & development

Certificates / Projects

- Lean Six Sigma Black Belt Training & Certification** Jan 2022–Jun 2022
Indian Statistical Institute, Bangalore - 50-hour training course and exam preparation
DMAIC Project: Reimagining the Customer Journey through Cycle Time Reduction to Enhance Overall Customer Experience

- **Lean Six Sigma Green Belt Training & Certification**
TCS Nagpur - Onshore Referral Reduction
- **Agile Scrum Training / Project Management Program**
Online course

Jan 2020-Mar 2020
