Professional Summery

- Full Stack Java Developer with around 2 years of experience in analysis, design, development, and implementation of scalable web applications.
- Expertise in Java, Spring Boot, Angular 12+ to 17, Microservices, and AI integrations.
- Proficient in REST APIs, JWT security, Docker environments, and both SQL and NoSQL databases (MySQL, PostgreSQL, MongoDB).
- Experience with AI/ML-powered solutions using Flask, FastAPI, Rasa, spaCy, Tesseract OCR, Whisper, and chatbot integration for real-time automation.
- Skilled in building healthcare and senior living applications with features like virtual consultation, telemedicine, chatbot, and communication management.
- Fast learner and a collaborative team player with hands-on exposure to cutting-edge tech..

Professional Experience

2024/11 – present

Junior Software Engineer

Bangalore, India

Intrust Global eServices Pvt Ltd

- Joined as Intern and promoted to Full-Time in Mar 2025.
- Developed AI-powered healthcare and senior living applications using Angular, Spring Boot, FastAPI, Rasa.
- Integrated JWT-based role authentication, real-time chatbot, discharge readiness prediction, and secure communication modules.

2022/11 – 2024/05

Software Developer

Bangalore, India

dWise Healthcare IT Solutions

- Assisted in UI design, bug fixing, and CRUD operations.
- Built healthcare modules using Spring Boot, Angular, PostgreSQL.
- API development, backend validation, and debugging.

Skills

Languages

Java, Python, TypeScript, JavaScript, SQL

Frontend

Angular 12-17, HTML, CSS, PrimeNG, Syncfusion

Backend

Spring Boot, FastAPI, Flask, Rasa

Database

PostgreSQL, MySql, MongoDB

AI Tools

spaCy, Tesseract OCR, Whisper, Rasa, SpeechRecognition

Tools & Platforms

Docker, Git, VS Code, Eclipse, STS

Operation Syste

Windows, Linux

Security

JWT, Role-based Access Control

Distributed Technologies

REST APIs, WebSockets, Firebase, Twilio, OCR, NLP

Education

2018 – 2021
Gulbarga, India

Bachelor Of Engineering (Electronics and Communication Engineering)
Poojya Doddappa Appa College Of Engineering
CGPA : 7.01

Languages

- Kannada
- English
- Hindi

Projects

2025/03 – present

AI-Powered Radiology Analysis System

- Flask, spaCy, Tesseract OCR, MongoDB, JavaScript
- Extracted findings and generated prescriptions from radiology reports using OCR and NLP

2024/11 – 2025/02

Assisted Senior Living Web Application

Technologies: Angular 17, Spring Boot, MySQL, Docker, Twilio, Firebase, Rasa, FastAPI

Developed a comprehensive **Assisted Senior Living** web application designed for **residents, guardians, doctors, and administrators**.

Key Features:

- **User Role Management:** Role-based access for residents, guardians, doctors, and admins.
- **Scheduling & Event Management:** Residents can book and manage daily activities, events, and family visits.
- **Virtual Consultation:** Integrated **Twilio** for seamless doctor-patient teleconsultations.
- **Communication Management:** Secure inbox/outbox messaging, group communication, and notification management.
- **AI-Powered Support:** Implemented **Rasa chatbot** for automated assistance and **FastAPI** for real-time recommendations.
- **Database Support:** **MySQL** integration for structured data.
- **Web Accessibility:** **Angular** frontend for web users.
- **Security & Authentication:** Implemented **JWT-based authentication** and **role-based authorization** for secure access.

2022 – 2024

Electronic Health Record

Client Name - Hati, Indonesia

- Involved in gathering the requirements, analysis, design & development of project.
- Involved in development of web forms classes using java that incorporates both N-tier Architecture & DB.
- Developed web form using HTML, CSS, PrimeNG.
- Developed component classes using MVC pattern.
- Created server controls using spring controller classes, Involved in the Unit test cases.

Courses

2021/12 – 2022/11
Bangalore, India

Java Full-Stack Development
Jspiders
