

Profile Brief

Result-driven Project and product Manager with 7 years (Jan 2019 - Present) of proven experience in end-to-end PDLC Management in an Agile Environment. Driving innovation by integrating AI in Product Development life Cycle. Adept at articulating GenAI-driven product strategies, creating Product Backlog and Roadmaps, conceptualizing and enhancing user experience with AI-powered product development. Skilled at developing product marketing strategies followed by engaging marketing materials.

Core Competencies

- Agile Product Ownership, incremental delivery management during Product Development Life Cycle,
- Articulating Product Vision, Roadmapping, Backlog Prioritization
- Leveraging GenAI for product enhancement
- Requirement management (BRD, PRD, FRD, BPMN, DFD),
- Product Marketing Strategy development, execution through marketing videos, infographics

Tools & Tech Stack

- Project management Tools: JIRA, ADO, Confluence
- Research tools-Mixpanel, Amplitude, Google Analytics,
- Design/UX: Draw.io, Figma, Balsamiq,
- Python, SQL, concepts of NLP and LLM required for GenAI ChatBots
- Data Tools: Excel, Power BI,
- Marketing video Creation, video Editing, Infographics, using Adobe Suite, Canva)

Suchandra Bose

🔧 Work Experience with Responsibilities:

BANKIFY TECHNOLOGY PVT. LTD. Full time (2025 Nov-Present)

AI Product Owner | Project Management

INFOCUS TECHNOLOGIES PVT. LTD. Full time (2023-2025 April, Client PWC)

Product Owner | Manual Tester | Project Management

SOFTLOGIQUE IT SOLUTIONS PVT. LTD. Full time (2021-2023, Client PWC)

Product Analyst | Manual Tester | Project Management |

GS GLOBAL SOLUTION LLP Freelancing (2020-2021)

NERDY TURTLEZ PVT.LTD. Full time (2019-2020)

Project Management | Product SME | Manual Testing

- **Led and managed end-to-end PDLC/SDLC (GenAI-integrated products) for Edtech, Fintech, Healthcare, logistics and Government projects, from market discovery and opportunity assessment to product launch followed by Go-to-Market Strategy Development followed by creation of marketing collaterals -videos, infographics using Adobe Suite and Canva.**
- **Collaborated directly with tech leads, and designers to define clear product vision and roadmaps and deliver GenAI-integrated smarter solutions**
- **Product Strategy & Roadmap, User Journey Mapping (leveraging AI Power Point Presentation, JIRA, Figma Draw.io) Defined and communicated product vision and roadmap aligned with strategic business objectives and customer impact.**
- **Requirement Gathering & Documentation (leveraging AI tools MS-Suite, Confluence, draw.io, figma, Lucidchart) Led workshops and stakeholder discussions to gather, analyze, and validate functional and non-functional requirements.**
- **User Story writing & Acceptance Criteria Management (Using JIRA, Azureboard) Translated complex business needs into actionable user stories with clear acceptance criteria, ensuring traceability from ideation to deployment.**
- **Authored PRD,BRD,FRD, use cases, created wireframes/UX, and BPMN diagrams, Design Documents.**
- **PI Planning & Iteration Planning, Scheduling(Using Gantt Chart, Project Scheduling Templates in Excel, Azure Board/JIRA) Created Gantt charts and delivery schedules;**
- **Backlog Ownership & Prioritization (using Impact Effort Matrix, RICE, MoSCoW, WSJF) Owned and refined the product backlog, prioritized features using above prioritization frameworks.**
- **Agile Delivery & Stakeholder Engagement (Sprint management, Dependency Management, Increment Analysis and Management Stakeholder Reporting Using JIRA, MS Excel, PowerBI).**

Detailed Skills

- Agile Product Ownership Requirement Analysis & Backlog Management (MoSCoW, WSJF, RICE)
- Cross-functional team collaboration (UX, Dev, QA)
- Project Planning, User ,Market research, Timeline Tracking, Cost Optimization
- Sprint Velocity& Burndown Analysis, Stakeholder reporting(JIRA, Azure, MS Excel, SQL, Power BI, Python)
- A/B testing, analytics tools (e.g., Google Analytics, Mixpanel, Amplitude) for understanding product's impacts/success
- UX enhancement strategy development (Figma, Balsamiq)
- Stakeholder Engagement & Cross-Functional Collaboration
- Go-to-Market (GTM) Strategy & Marketing Content Development

Education

- Pursuing- MBA in GenAI driven Marketing & Data Analytics, from *Indian Institute of Technology Patna (2025-2027)* (Regular program, Hybrid mode)
- MSc. in Media Science & Business Communication(Specializations in Marketing & Advertising) from West Bengal University of Technology- 2017-2019
- B.A. in Economics(Calcutta University) - 2014-2017

- *Collaborated with cross-functional teams (Dev, QA, UX, Data, Marketing), and ensured sprint deliverables met business goals.* Facilitated Iteration Reviews, Backlog Grooming, PI Planning, and **ART-PO Sync** to manage dependencies and maintain alignment.
- *Engaged directly with user groups to capture feedback,* understand pain points, and translate real-world problems into effective digital solutions.
- *Utilized tools like Firebase, Mixpanel, Amplitude, Google Analytics,* to conduct behavioral analysis, drive cohort- based insights, and optimize user retention and engagement.
- *Played an active role in Agile ceremonies including daily stand-ups, sprint planning, Increased sprint predictability by 20% by* facilitating Agile ceremonies including *sprint reviews, retrospectives, improving collaboration between technical teams and business stakeholders.*
- *Test Planning & Test Design Ownership-owned end-to-end test planning* and quality strategy across multiple product releases, ensuring alignment with business goals and risk priorities.
- *Defined and maintained comprehensive test strategies, test plans,* and regression approaches for web and mobile applications in Agile environments
- *Designed high-quality manual test scenarios, test cases mapped to user stories,* acceptance criteria, and business workflows
- *Reviewed and validated test cases for critical user journeys,* high-risk functionalities, integrations, and data-sensitive flows
- *Ensured testing efforts focused on business-critical outcomes,* not just feature validation, enabling early defect detection and reduced production risks
- *Conducted demos, walkthroughs, and stakeholder presentations,* including executive-level reporting and alignment meetings. Engaged in internal process improvement initiatives. *Participated in Inspect and Adapt workshops, analyzing sprint outcomes, team velocity.*
- *Pioneered GenAI-driven features (prompt flows, guardrails, evaluation metrics)* that improved product differentiation and adoption while ensuring responsible AI practices.

CERTIFICATION

- *AI for Product Owners-ScrumAlliance®*
- *Executive Development program in Artificial Intelligence and machine learning (IIM Kashipur)*
- *Certified Scrum Product Owner (CSPO) - ScrumAlliance®*
- *Certified Scrum Master (CSM) - ScrumAlliance®*
- *“O” Level Certification Business Professional Programming-NIELIT (under Ministry of Electronics and Information technology),Govt. of India.*
- *Pursuing PMP training for certification*

Projects:

- *GenAI Powered Fintech Application Development with Dedicated Chatbot.*
- *GenAI-Powered EdTech Portal for Personalized Learning and Assessment .*
- *GenAI -Integrated Edtech*
- *Application for HEI Assessment & Accreditation .*
- *Leveraging GenAI for Web and Mobile application development for Logistics Operations Optimization and Streamlining.*
