

SUMIT KUMAR RANA

Java FullStack Developer

☎ +91-6300818353 @ rkssn04@gmail.com 📍 Hyderabad - India

EXPERIENCE

Software Engineer

eMpulse Research and Data Analytics (I) Pvt.

📅 01 August 2022 - Present 📍 Bangalore, India

Tech Stacks - JAVA | Spring Boot | Angular-14 | Spring Jpa | SQL | Postgre SQL | Shell Scripting

- **eMsales** Developed using Java Full Stack Development (**Spring Boot and Angular 16**) ,eMsales is a CRM system designed to streamline business processes.My Responsibilities included designing and implementing backend modules such as **Login-Auth , Alert and Email Scheduling, Live location tracking, integrating RESTful web services with User Interface** , ensuring application scalability and performance and maintaining Technical documentation for the application.
- **Log4J Security Upgrade** - Worked on upgrading the Log4j versions of four different **Spring Boot** applications that were susceptible to Apache Log4j security vulnerabilities.
- **Glovis** - Glovis is a Java Full-stack application designed to fetch real-time truck locations, provide weather forecast messages to drivers based on their destination routes , Using **Toll-Guru API** for toll payment optimization & trip calculator solution, manage administrative tasks, and offer role-based panels. I worked on the admin panel and other role-based access features using **Angular 14 and Spring Boot**.
- **EpilepsyR & D** - EpilepsyR & D is a research-focused web application developed for **Texas A & M University**, designed to assist in the study and management of epilepsy-related data. I worked on UI design and API integrations, utilizing **Angular 17** for the front-end and ensuring seamless communication with back-end services to enhance user experience and streamline data handling.

PROJECTS

TechVaulte

- A Spring boot microservices backend application that fetches all the mobile and TV devices that a customer owns by calling the mobileservice application internally and returns the response in TMF Json Format .
- **Technology Used** - Spring-Boot || Spring Jpa

CRUDZilla

- A Spring MVC and Jsp based full stack application that allows us to perform CRUD operations on Product object.
- **Technology Used** - SpringBoot || MySql || JSP || Hibernate || Bootstrap || Html

FlipZone

- Worked on PrimeNg and SpreadJs Library to built the e-Commerce project. where i developed responsiveness and reactive form.I developed the ExcelSheet where endUser will take less time for his calculation.
- **Technology Used** - Angular16 || PrimeNg || Bootstrap || TypeScript || Html ||SpreadJs

SKILLS

• Core Technologies

- Java 8+ • J2EE (JEE) • Spring Boot • JSP
- HTML5 • CSS • JavaScript • REST APIs • SOAP
- Object-Oriented Programming (OOP) • JSON • XML

• Frameworks & Libraries

- Spring Boot • Spring MVC • Spring Security • Hibernate

- JUnit • Mockito

• Databases & Tools

- SQL • MS SQL • Oracle • PostgreSQL
- JPA • PgAdmin • Postman (API Testing)

• Version Control & DevOps Tools

- Git • GitLab • Maven • Jenkins (CI/CD)
- JIRA • Linux

• Professional Skills

- Problem-Solving • Debugging • Code Reviews
- Team Player • Quick Learner • Ability to Work Independently
- Strong Verbal & Written Communication Skills

EDUCATION

B.Tech(EEE)

Sri SatyaNarayan Engineering College Ongole (JNTUK)

📅 July 2016 – Sep 2020

Higher Secondary (PCM)

Purnia College Purnia Bihar

📅 2014 - 2016

Secondary

Millia Convent English Med. School Purnia Bihar

📅 2013-2014

COURSE WORK

- Java Full Stack training By Stack-Root (eMpulse Research and Data Analytics (I) Pvt Ltd)
- Deployment of jar and UI dist file (Udemy)
- Data Structures and Algorithm (Code with Mosh)
- solving code challenges on LeetCode
- Core JAVA (J-Spider Q-Spider)
