PROFESSIONAL SUMMARY

Professional experience of 3 years including 1.10 years of experience as SAP Functional Consultant specializing in EWM implementation and support projects. Skilled in working on S/4HANA and decentralized EWM systems, with expertise in inbound, outbound, internal warehouse processes. Excellent knowledge of supply chain and logistics operations, with emphasis on process improvement and user training.

SKILLS

- SAP EWM (S/4HANA 1909, ECC 6.0)
- Integration with SAP MM, SD, PP
- Business Process Analysis & GAP Identification
- Inbound & Outbound Process Configuration
- Master Data Management
- POSC, LOSC, WOCR, Warehouse Structure
- UAT & Functional Specification Documentation
- Queue Monitoring, Background Job Scheduling
- Open-Source Dashboard Integration
- Good knowledge of P2P, O2C cycle and subcontracting process.

PROFESSIONAL EXPERIENCE

Alok Industries Pvt Ltd, Silvassa

Senior Officer – SAP EWM Functional Consultant

July 2023 – Present

Project 1: SAP EWM Implementation & Support

- Participated in end-to-end SAP Extended Warehouse Management (EWM) implementations, supporting solution design, configuration, testing, and deployment.
- Conducted unit testing and UAT; ensured solutions met user expectations and business needs.
- Configured warehouse processes and integrated EWM with MM, SD modules.
- Developed functional specs, SOPs, and executed master data and bin upload activities.
- Worked on CIF functionality for master data transfer.

- Provided issue diagnosis and resolution, performing root cause analysis for functional and integration issues, particularly with SAP ECC.
- Contributed to solution improvement initiatives by analyzing existing processes and proposing enhancements to improve warehouse efficiency and accuracy.
- Demonstrated strong analytical thinking, problem-solving skills.
- Monitored queues and scheduled background jobs for process automation.

Project 2: Job Work Process Implementation

- Configured warehouse structure such as warehouse number storage types, storage bins to facilitate efficient warehouse operations and ensure accurate material storage and retrieval.
- Debugged and optimized custom objects for performance and reliability.
- Integrated dashboards for real-time tracking of vehicle movement and warehouse KPIs.
- Provided timely support and resolutions to incidents within SLA guidelines.

Anuje Industries, Kolhapur

Trainee Mechanical Engineer

June 2021 – August 2022

- Supported production and maintenance operations with a focus on efficiency improvement.
- Assisted in planning and executing mechanical tasks aligned with engineering standards.

EDUCATION

- B.Tech – Mechanical Engineering, D.K.T.E. Society's Textile & Engineering Institute, Ichalkaranji (2014 – 2020) | GPA: 68.10%
