WORK EXPERIENCE

JP Morgan, Bangalore

Associate – APAC Lead, Oversight & Control (2017 – 2026)

Key Result Areas:

- **KYC Controls & Governance:** Led the APAC KYC Controls team, driving resolution of exception management and remediation initiatives across regulatory changes, CORE issues, and strategic business requests, strengthening operational resilience and compliance adherence.
- **Operational Risk Management:** Implemented a robust Operational Risk Framework to proactively assess emerging risks, identify control gaps and trends, and execute timely remediation strategies, enhancing governance effectiveness.
- **Client Lifecycle Governance:** Acted as the SME for BRD recertification and fund exception management, ensuring strong oversight of the client KYC lifecycle governance and regulatory compliance processes.
- **Root Cause Analysis & Remediation:** Conducted comprehensive root cause analyses to identify recurring control issues and implemented sustainable remediation measures through process optimization, procedural enhancements, technical solutions, record-level rework, and targeted training programs.
- **Executive Reporting & Governance:** Prepared and delivered executive-level control reporting packs, providing senior management with actionable insights on remediation progress, governance initiatives, operational risks, and control effectiveness.
- **Control Testing & Compliance:** Established and monitored corrective action plans while performing effectiveness testing of key controls to ensure long-term sustainability, regulatory readiness, and operational efficiency.
- **Process Standardization:** Partnered closely with process owners and cross-functional stakeholders to define operational standards, ensuring documentation completeness, data accuracy, and preparedness for internal and external regulatory scrutiny.
- **Control Framework Enhancement:** Developed and standardized control governance frameworks and executive reporting mechanisms by integrating issues, events, and capacity planning, thereby strengthening enterprise-wide governance and regulatory adherence.
- **Continuous Process Improvement:** Spearheaded continuous improvement initiatives by identifying operational inefficiencies and implementing scalable solutions that improved process accuracy, reduced risk exposure, and enhanced control maturity.
- **Stakeholder & Risk Leadership:** Drove a culture of risk awareness and accountability through governance leadership, stakeholder collaboration, and control standardization initiatives, contributing to stronger compliance oversight and sustainable business operations.

HSBC Corporation Ltd, Singapore

Client Manager – Global Banking & Markets (2015 – 2016)

Key Result Areas:

- **Client Onboarding:** Managed client onboarding and middle office operations for participating and syndicated loan portfolios within the Oil & Gas sector, ensuring seamless transaction processing and operational efficiency.
- **Stakeholder Management:** Collaborated with cross-functional stakeholders and global teams to streamline onboarding workflows, enhance client servicing standards, and strengthen operational governance.
- **Regulatory Compliance:** Coordinated extensively with regulatory bodies including FCC, MAS, and US Monitor, ensuring adherence to evolving compliance frameworks and regulatory expectations across multiple geographies.
- **Audit & Risk Governance:** Partnered with internal audit and compliance teams to support governance reviews, risk assessments, and control enhancement initiatives, contributing to a robust compliance environment.
- **FATCA Remediation:** Played an instrumental role in FATCA remediation initiatives, driving timely resolution of compliance gaps and improving regulatory reporting accuracy.
- **TOB Remediation:** Contributed significantly to TOB remediation activities, ensuring process alignment, operational transparency, and strengthened control mechanisms.
- **CRS Implementation:** Served as a core working group member for CRS process implementation, supporting policy execution, process standardization, and successful rollout of regulatory compliance frameworks.

GE Capital Ltd., Singapore

Regional Account Manager (2014 – 2015)

Key Result Areas:

- **Portfolio Management:** Managed a diversified portfolio of 24 corporate accounts across India and ASEAN, ensuring sustainable business growth, client retention, and enhanced relationship governance in a dynamic commercial financing environment.
- **Credit Risk Oversight:** Conducted end-to-end control checks, quarterly credit reviews, and risk rating assessments to strengthen portfolio quality, mitigate exposure, and support informed lending decisions.
- **Collateral & Funding Governance:** Administered collateral management, pricing strategies, funding activities, and collections processes, driving operational efficiency while safeguarding asset quality and revenue realization.
- **First Line Risk Management:** Served as the First Line of Defense (FLOD) for the client portfolio, ensuring robust governance, proactive risk mitigation, and adherence to internal control frameworks.
- **AML & Regulatory Compliance:** Ensured full compliance with AML guidelines, risk policies, and regulatory standards across the client lifecycle, reinforcing governance integrity and minimizing compliance-related risks.
- **Cross-Functional Stakeholder Coordination:** Collaborated with cross-functional teams and stakeholders across multiple geographies to align business objectives with organizational risk policies and operational priorities.
- **Customer-Centric Commercial Execution:** Balanced risk governance with optimal customer outcomes in a fast-paced B2B Commercial Distribution Financing environment, enabling seamless execution, stronger client engagement, and business continuity.

DBS Bank Ltd, Singapore - Credit Associate (2013)

GIIS, Singapore & Malaysia - Account Assistant (2012)
