PROFESSIONAL EXPERIENCE

HSBC — Fund Admin Supervisor Sep 2025 – Apr 2026

- Performed hands-on Fund Accounting and Fund Administration activities, including daily NAV calculation and validation and related operational checks.
- Performed hands-on trade processing across the lifecycle, including trade enrichment, pre-upload validation, bulk uploading, trade capture/booking, confirmation/affirmation and downstream processing.
- Worked hands-on with SWIFT instructions/transmissions as part of the trade flow, understanding how trade details and settlement instructions move through downstream processing.
- Performed pre-upload validations to identify data-quality issues, security setup gaps and SSI-related exceptions and reduce STP breaks before bulk upload.
- Investigated and resolved operational/STP breaks, trade and cash breaks, discrepancies and exceptions affecting fund accounting and trade processing.
- Processed and booked OTC trades including IRS, CDS and options as part of the end-to-end trade lifecycle.
- Performed cash and trade reconciliations with the Trustee and validated postings for accuracy and completeness.
- Performed due-diligence and monitoring checks on postings, signed off journals and trades, and supported operational control requirements.
- Supported high-volume bulk uploading of fund/trade data and ensured timely and accurate downstream processing.
- Worked with onshore teams to investigate client concerns and resolve operational issues within agreed timelines.

CSC Global — Associate Dec 2024 – Sep 2025

- Performed trade settlement processing, settlement oversight and settlement-fail management across OTC and listed products.
- Supported the complete trade lifecycle from trade capture/booking and affirmation through settlement, reconciliation and exception resolution.
- Affirmed OTC trades on ICE to minimize trade breaks during settlement.
- Executed OTC bookings and listed trades including IRS Swaps, Variance and Volatility Swaps, OTC Options, CFDs and CDSs on Enfusion.
- Supported cash/payment processing, margin-call negotiations with banks and reconciliation-related activities.
- Mapped OTC trades to support valuation, risk and P&L; monitoring and investigated reporting breaks through corrective actions with Trading and Sales teams.
- Performed security setup based on OTC trade requirements.

Enfusion — Senior Analyst Aug 2021 – Jun 2024

- Worked across the complete trade lifecycle including trade booking, trade capture, trade affirmation, settlement and reconciliation across Equities, Fixed Income, Swaps, Futures and Options.
- Supported Fund Administration activities including fund setup, client onboarding and coordination with Static, Implementation and Account Management teams.
- Performed reconciliations and analyzed daily breaks, identifying trends and coordinating corrective actions to reduce operational exceptions.
- Managed client requests and coordinated with Account Managers and cross-functional teams through Zendesk and Jira.
- Created a KPI dashboard to improve operational visibility and monitor processing timeliness and service performance.
- Managed client allocation based on volumes and trading requirements and escalated process deviations to management.
- Onboarded 3 new clients and supported setup of 5 existing funds.
- Created SOPs for training and SOC audit purposes and supported process improvements focused on compliance and operational risk.
