📄 PROFILE

Business Analyst with 6+ years of experience in financial services specializing in global payments and wealth management operations. Proven expertise in transaction analysis, reconciliation management, and business requirement documentation (BRD/FRD) to drive operational improvements and financial reporting accuracy. Experienced in global payment networks including ACH, Fedwire, RTP, SEPA Instant. Adept at examining high-volume financial transactions, identifying process gaps, performing root cause analysis, and collaborating with cross-functional teams in Agile environments to improve payment processing workflows and operational efficiency.

📁 PROFESSIONAL EXPERIENCE

Davies Group, Pune, Maharashtra

Treasury Analyst
05/2026 – Present | Pune, India

- Prepare daily cash forecasts for 20+ global client accounts, managing liquidity positions and delivering treasury reports with 99%+ accuracy.
- Oversee payment processing and cross-border payment flows, resolving lifecycle exceptions to ensure timely settlement and operational accuracy.
- Execute EBITDA sweep and related fund-movement workflows, optimizing cash utilization across accounts in line with defined treasury controls.
- Coordinate treasury team activities across 8+ members, aligning task ownership, process adherence, and cross-functional collaboration for daily operational delivery.

Apex Group LTD, Pune, Maharashtra

Senior Associate (Business Analyst)
12/2024 – 04/2026 | Pune, India

- Validated investment positions, cash balances, and portfolio data for global wealth management clients, ensuring accurate portfolio reconciliation and investor reporting.
- Performed reconciliation analysis on financial datasets using Bloomberg Terminal, identifying 25+ monthly discrepancies and improving portfolio reporting accuracy by 15%.
- Documented business and functional requirements (BRD/FRD) to enable reporting enhancements and operational process improvements.
- Conducted root cause analysis on reconciliation breaks, collaborating with stakeholders to resolve reporting discrepancies.
- Coordinated with cross-functional teams using Jira in Agile environments to track issues and improve reporting workflows.

Bank of New York, Pune, Maharashtra

Trade Execution Analyst
07/2022 – 11/2024 | Pune, India

- Processed high-volume payment transactions across global payment networks including FedNow, SEPA Instant, RTP, Fedwire, ACH, and SWIFT-based payment systems.
- Investigated 40+ daily payment exceptions across the end-to-end payment lifecycle, reducing settlement delays by 18% through timely resolution and reconciliation.
- Assisted cross-border payment processing for 500+ monthly transactions while ensuring financial reporting compliance aligned with US GAAP standards.
- Monitored treasury KPIs and payment transaction trends, identifying operational inefficiencies and recommending process improvements.
- Coordinated User Acceptance Testing (UAT) for payment workflow enhancements, validating 50+ transaction scenarios prior to production deployment.
