WORK EXPERIENCE

State Street Corporate Services Private LTD

March 2019 – February 2025 -Coimbatore, Chennai, Pune.

(Mar_19 To Mar_24 SSHCL, Apr_24 To Feb_25 SS)

Role -Business Analyst Designation -Senior Associate/TL

Domain: Middle Office Trade Settlements(Fails Management, KPI, Dashboards) | Capital Markets | Investment Banking

- Led end-to-end Business Analysis for Middle Office Trade Settlements Portal migration programs, managing requirements from discovery through UAT and production deployment.
- Conducted AS-IS discovery sessions and stakeholder interviews with onshore US/UK business sponsors at Director and MD level to capture High-Level Business Requirements and solution gaps.
- Mapped Business Requirements to existing service offerings and worked with Data and Technical Architects to identify feasible solution options and define TO-BE state.
- Performed requirement prioritisation using MoSCoW approach and Value/Effort analysis to recommend phasing of proposed solutions aligned to business priorities.
- Collaborated with UI/UX teams to develop solution prototypes and led solution demonstrations and presentations for onshore prospects and business stakeholders.
- Acted as primary liaison between onshore Agile teams and offshore stakeholders for new product introductions, change requests, and issue resolution — ensuring zero SLA breaches.
- Documented Solution Scope, Findings, Recommendations, Functionality Gaps, and New Requirements in conjunction with Technical Leads.
- Led complete Project Documentation lifecycle from Requirements to UAT, including Traceability Matrix, Test Scenarios, and Sign-Off management.
- Conducted Knowledge Transfer sessions and led User Training delivery for end users across multiple geographies.
- Developed Story-boarding and Value Proposition decks for C-suite and MD-level governance reviews and steering committee presentations.
- Managed team of Business Analysts and Associates — responsible for goal setting, performance appraisals, and delivery oversight

Deutsche Bank Group (DBOI Global Services Ltd)**August 2017 – June 2018-Pune**

Role -Business Analyst Designation -Associate

Domain: Change Management, Production Management / STEER Project / Investment Banking Operations

- Led Business Requirements Gathering, Elicitation, and Documentation for the STEER Change Management Program — a large-scale operational transformation initiative.
- Conducted AS-IS Analysis with customer stakeholders for Business Process and Application Feature review, and defined TO-BE state in collaboration with Technical Teams.
- Performed Gap Analysis and Feasibility Studies to define scope and complexity of change, ensuring alignment between business expectations and technical delivery.
- Created comprehensive User, Technical, and Business Documentation for Customer, QA, and Technical teams — ensuring zero ambiguity in solution delivery.
- Led Solution Prototype creation and Feature Demonstrations during Pre and Post Development phases, procuring customer sign-off on final deliverables.
- Managed Knowledge Portal — publishing periodic bulletins and reports on new content to keep stakeholders aligned throughout the change program.
- Investigated abnormal variances including day-on-day movements, coordinating with onshore teams and cross-functional stakeholders to resolve open items within agreed TAT.

Bajaj Allianz Financial Distributors LTD.**November 2012 –May 2016-Pune**

Role -Business Analyst Designation -Assistant Manager

Domain: Insurance / Mutual Funds / BFSI Operations / Application Training
