Microsoft 365 & Power Platform Consultant

Microsoft Power Platform Consultant with 4+ years of experience designing and delivering enterprise-scale business applications, workflow automation solutions, and digital transformation initiatives using Power Apps, Power Automate, Dataverse, SharePoint Online, Microsoft 365, Dynamics 365, and Azure Services. Experienced in Canvas Apps, Model-Driven Apps, Custom Connectors, REST API integrations, Azure Logic Apps, Azure Functions, Service Bus, and enterprise ALM practices using Azure DevOps and Git. Strong expertise in workflow automation, document management, governance, security, CI/CD deployments, and process optimization across HR, Finance, Operations, Procurement, and IT Service Management domains. Proven track record of reducing manual effort, improving compliance, and delivering scalable low-code solutions in enterprise environments.

WORK EXPERIENCE

Freshworks • Bengaluru, India • 08/2024 – 04/2026

Power Platform Consultant • Full-time

- Designed enterprise-grade Power Platform solutions using Power Apps, Dataverse, SharePoint Online and Microsoft 365.
