PROFESSIONAL EXPERIENCE

Standard Chartered Bank GBS | Team Leader, Custody Operations & Trade Processing

Jan 2024 – Present | Chennai

- Lead **Custody Operations and Trade Processing** for Middle East markets, overseeing securities settlement and pre-matching.
- Execute **trade capture and instruction amendments (MT540–MT543)** while validating client instructions against SWIFT standards.
- Manage the end-to-end **settlement lifecycle using TCS BaNCS**, including repair, release, and confirmation (MT544–MT548).
- Perform **funding and repatriation for DVP/RVP trades** utilizing MT103/MT202 messages and internal transfers.

- Conduct daily cash and trade **reconciliations**, investigating breaks and resolving exceptions within defined SLAs.
- Facilitate **Agile ceremonies**, including Sprint Planning and Daily Scrum meetings, to track system enhancements.
- Develop **User Stories and functional requirements** to drive automation and workflow optimization.
- Coordinate **UAT, UVT, and SIT testing** for new system releases to ensure seamless production deployment.
- Collaborate with external counterparties, such as **HSBC**, for payment processing and trade matching.
- Maintain strict adherence to **Departmental Operating Instructions (DOI)**, risk controls, and audit standards.

State Street HCL Services | Specialist / SME, Trade & Cash Operations

Jul 2018 – Oct 2023 | Chennai

- Directed **transaction services** for trade processing and securities settlement through MT54X manual processing and broker confirmations.
- Key contributor to **process migration and knowledge transition**, ensuring zero business disruption during onshore-to-offshore moves.
- Championed **automation and transformation initiatives** to reduce manual intervention in reconciliation workflows.
- Supported **change management** by documenting SOPs and training team members on new system enhancements.
- Participated in **Agile-driven operational transformation** projects through Sprint Planning and Daily Scrum meetings.
- Drafted **User Stories and functional documentation** for reconciliation process improvements.
- Managed **hyper-care client operations**, including pre-funding and MT599 messaging support during transition phases.
- Processed **same-day settlement transactions** for DTC, Canada, and FED markets, including Repo and Reverse Repo trades.
- Executed **cash instructions (MT103, MT202, MT202COV)** and ensured accurate SSI validation.
- Utilized **SmartStream TLM** for daily reconciliation, performing root cause analysis on failed trades and settlement breaks.
- Produced **MIS reports and reconciliation dashboards** to update senior management on transformation progress.
- Partnered with Reference Data and Technology teams to support **system migration and automation delivery**.
