PROFESSIONAL EXPERIENCE

STATE STREET | Hyderabad

Senior Associate – Private Equity Fund Accounting

Mar 2022 – Apr 2026

- Managed end-to-end Fund Accounting activities for multiple Private Equity Master and Feeder Funds within a Markets & Securities Services and Global Custody environment.
- Calculated, reviewed and validated Daily, Monthly, Quarterly and Annual NAV, ensuring accurate valuation, accounting, and financial reporting.
- Managed the complete investment accounting lifecycle, including trade validation, accounting, settlement monitoring, reconciliation and NAV reporting, ensuring accurate books and records.
- Supported Trade Capture validation by reviewing investment transactions, security master information, pricing, accounting entries and trade instructions before accounting and settlement.
- Coordinated with custodians, fund administrators and global operations teams to monitor Trade Settlement, investigate settlement failures and resolve operational exceptions within SLA.
- Performed Cash, Position, Securities, Bank and Investment Reconciliations, investigating breaks through root cause analysis and timely resolution.
- Investigated trade exceptions, failed settlements, cash differences and reconciliation breaks while coordinating with internal operations, custodians and external stakeholders.
- Supported Fund Administration activities including investor onboarding, capital calls, investor contributions, distributions, commitment tracking and investor servicing.
- Processed investment accounting entries for purchases, sales, accruals, fair value adjustments, realized and unrealized gains and losses using Investran.
- Supported the end-to-end product lifecycle for Private Equity and Fixed Income products, including trade validation, settlement monitoring, investment accounting, reconciliation, corporate actions, and NAV reporting.

- Managed operational activities across the product lifecycle by coordinating with Fund Administration, Custody, and Operations teams to ensure accurate trade processing, settlement, valuation, and investor servicing.
- Reviewed Corporate Actions impacting portfolio investments and ensured accurate accounting treatment and NAV adjustments.
- Identified automation opportunities that improved operational efficiency and reduced manual errors.
- Ensured compliance with operational controls, fund governing documents, accounting policies and internal risk management standards.

- Worked in Investment Banking Operations supporting Markets & Securities Services for Fixed Income Securities.
- Performed Trade Settlement activities for principal, coupon and maturity payments across Fixed Income securities.
- Validated Trade Capture details, settlement instructions, security positions and payment eligibility using DTCC.
- Processed securities settlements while ensuring compliance with settlement timelines, client instructions and operational procedures.
- Investigated settlement breaks, payment exceptions and reconciliation differences through coordination with counterparties, custodians and internal teams.
- Supported Corporate Actions including coupon payments, principal repayments and bond maturities.
- Managed the trade lifecycle from Trade Capture validation, Settlement, Securities Processing, Reconciliation and exception resolution for Fixed Income securities.
- Supported end-to-end Securities Operations including trade processing, settlements, reconciliations, corporate actions and custody operations.
- Delivered Investment Banking Operations support across Fixed Income Securities including trade capture, settlement, securities processing and reconciliation.
- Consistently achieved high quality standards while supporting operational risk controls and process efficiency initiatives.
