WORK EXPERIENCE

SENIOR BUSINESS ANALYST – FINT SOLUTIONS – 07/26/2023 – 04/24/2026

Banking | Microsoft Dynamics CRM | Customer Onboarding & Card Activation Platform

- Led the end-to-end implementation of Microsoft Dynamics CRM supporting customer onboarding, KYC verification, card activation, OTP authentication, customer servicing, and case management workflows.
- Conducted stakeholder workshops and translated business requirements into Epics, Features, User Stories, Acceptance Criteria, Functional Specifications, Process Flows, and Wireframes.
- Collaborated with Product Managers, Developers, QA teams, and Operations teams to drive backlog prioritization, sprint planning, UAT, SIT, and release deployment.
- Defined API integrations and data flows between CRM, authentication services, KYC platforms, and banking applications.
- Improved card activation efficiency by 30%, generating \$20K annual savings, while facilitating 40+ stakeholder workshops.

PRODUCT ANALYST 2 – PHOTON INFOTECH – 06/28/2021 – 03/03/2023

Digital Experience Platforms | AEM | Sitecore | Contentstack

- Led business analysis and Agile delivery initiatives for enterprise digital experience platforms leveraging Adobe Experience Manager (AEM), Sitecore CMS, and Contentstack CMS.
- Partnered with Product Managers, UX/UI teams, Developers, QA teams, and business stakeholders to define requirements and deliver customer-facing digital experiences.
- Gathered and analyzed business requirements and translated them into User Stories, Acceptance Criteria, Functional Specifications, Process Flows, Wireframes, and Backlog Items.
- Collaborated with content authors, development teams, and platform administrators to support content management, workflow automation, personalization, and publishing capabilities.
- Facilitated backlog grooming, sprint planning, sprint reviews, UAT, defect management, and release planning activities.
- Conducted customer journey analysis and digital experience optimization initiatives that reduced cart abandonment by 30% and contributed approximately \$50K in additional revenue.
- Supported API integrations and coordination across CMS platforms, business applications, and third-party services.

SENIOR BUSINESS AND QUALITY ANALYST – SUTHERLAND HEALTHCARE SOLUTIONS – 12/09/2015 – 11/11/2019

Healthcare SaaS | Netsmart EMR | Clinical & Revenue Cycle Management

- Led the implementation of the Netsmart EMR SaaS platform, supporting patient registration, provider management, clinical documentation, billing, claims processing, and healthcare operations.
- Collaborated with healthcare stakeholders, business users, and technology teams to gather requirements and define future-state workflows for clinical and operational processes.

- Authored BRDs, FRDs, User Stories, Acceptance Criteria, Functional Specifications, Process Maps, and Workflow Diagrams.
- Supported SaaS product enhancements, release management, SIT, UAT, defect triage, requirements traceability, and production deployments.
- Partnered with cross-functional teams to improve healthcare workflows, data quality, user adoption, and operational efficiency.
- Reduced production defects by 25% through improved testing governance and requirement validation.

BUSINESS ANALYST – AJUBA SOLUTIONS – 05/03/2012 – 07/13/2015

Banking and Healthcare Operations

- Gathered and documented business requirements, process workflows, functional specifications, and testing scenarios for enterprise healthcare applications.
- Supported UAT, defect management, production validation, and continuous process improvement initiatives.
